Newark High School accommodates more than 2300 sophomores, juniors, seniors, faculty members, administrators, and supportive personnel. Therefore, a great deal of interaction occurs between its widely diverse educational programs. Boundaries of many areas are crossed consistently as students pursue an education. The **Reveille** can no longer compartmentalize the activities, events, and happenings into neat sections like sports, faculty, clubs, and organizations. Instead, this year, the staff presents NHS as it should be — a mixture of everything — a magazine of NHS in the year 1973-1974, in the months of September-June, in the days we will look back upon with the same mixture of thoughts which this book presents. We hope you enjoy it.

Music played as important a role in the lives of Newark High students as it has in the past. Types of music varied almost as much as the new faces that appeared and the old faces that disappeared. Some local performers achieved some type of national recognition while others continued to wait their turn for success. But most musical excitement came from the super-stars of rock, soul, folk and blues. These recording artists appeared in major Ohio cities to welcome the attendance of the serious music enthusiast. These concerts, in conjunction with the amount of good local band music destroyed a seemingly unfounded myth that modern music is dead.

Starr's "Stars" Lead Wildcats to Victory

ALL-COL

With the help of four first team All-COL players and four second team ALL-COL players, the Wildcats scored its "first winning season" since Newark's head coach Paul "Hoss" Starr began coaching here in 1968.

Playing consistently up to their potential, Newark's so-called "surprise" team ran up an impressive 8-2 record by driving through their first seven opponents before stumbling at Lancaster. Coach Starr felt this was the only game in which the team did not play consistently good football.

The Zanesville invasion was stopped short and the Wildcats finished the season with a heart-breaking loss to Upper Arlington. Coach Starr felt that his job here has been one of his toughest assignments. He chose coaching because of the challenge and chose Newark because he thought the COL was one of the best leagues in the state. Starr hopes to continue the "winning season" tradition next year with a promising group of sophomores and juniors.

Senior Jack Forgrave completed 43 out of 96 attempted passes for 758 yards and scored 30 points.

Junior Nard Allen received 21 out of 40 passes for a total of 396 yards and scored twelve points. He averaged 19 yards per reception.

Senior Howard Brest caught 6 passes for 126 yards and 1 touchdown.

Senior Bob Weidaw was defensive and offensive tackle for the Wildcats.

Led by Wildcat seniors Gary Sitler and Bill Welch and junior Paul Crum, the NHS team launches their season by tearing down the cheerleaders' victory hoop.

"It Was A Very Good Year" Say Choirs

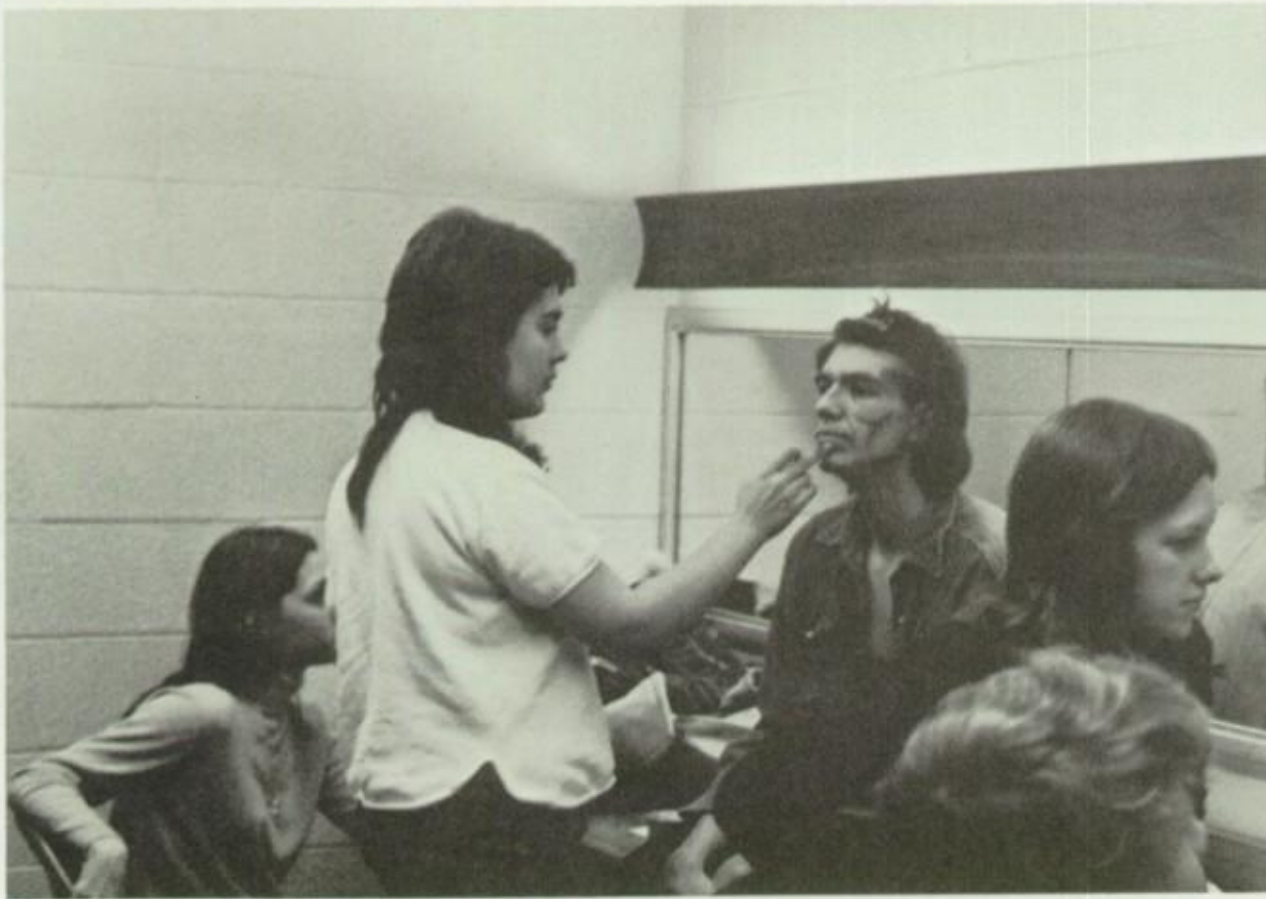

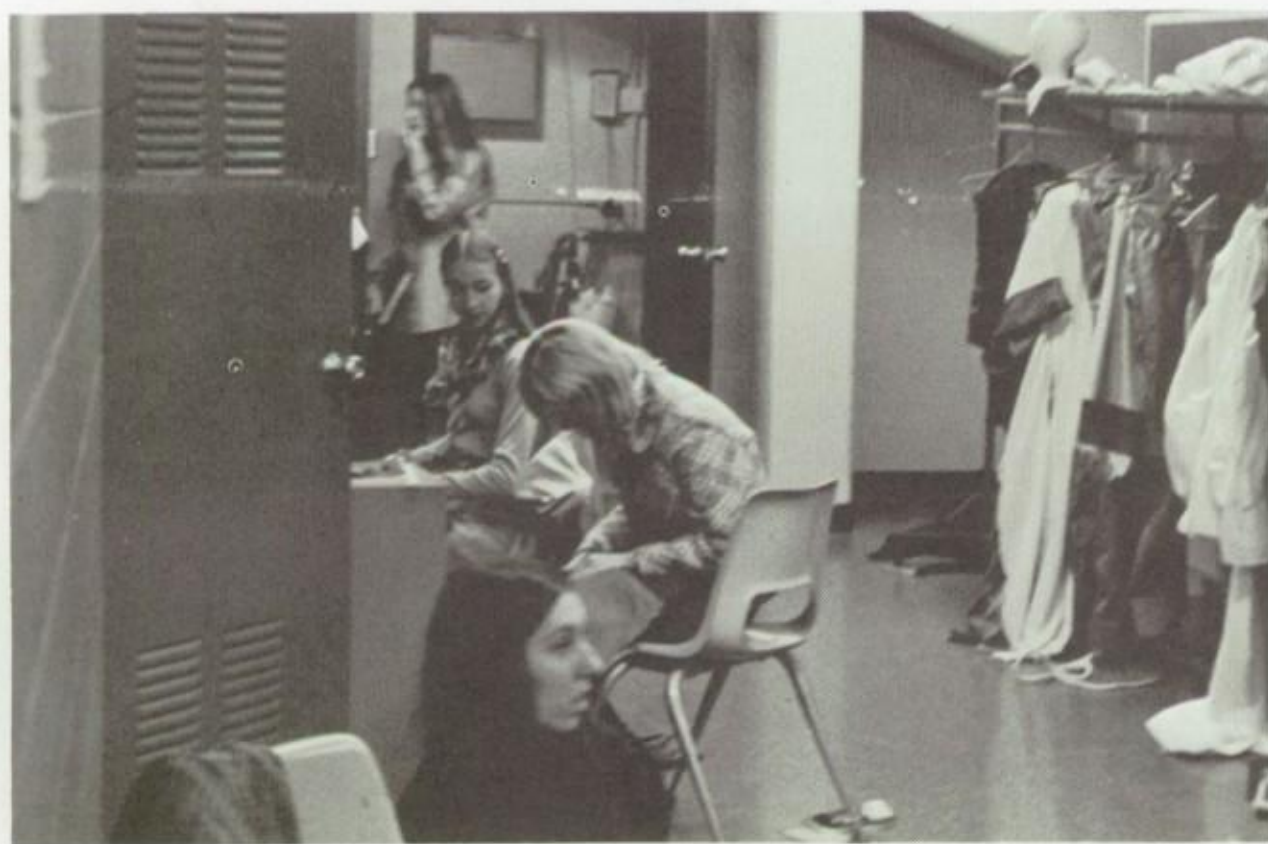

The NHS choral department proved that "74" was "A Very Good Year". In their annual Spring Concert they mixed the classic sounds of Mendelsshon with the mellow sounds of Neil Diamond and the Carpenters. Songs such as: Veni Domine, California Dreamin', Close To You, Song Sung Blue, Good Ship Lollipop, and Me and My Shadow were sung by the Girls' Glee Club, Swing Choir, Men's Chorus, Girls' Chorale, Concert Choir, and several soloists. The Concert Choir scholarship was awarded to Scott Austin.

Behind The Scenes

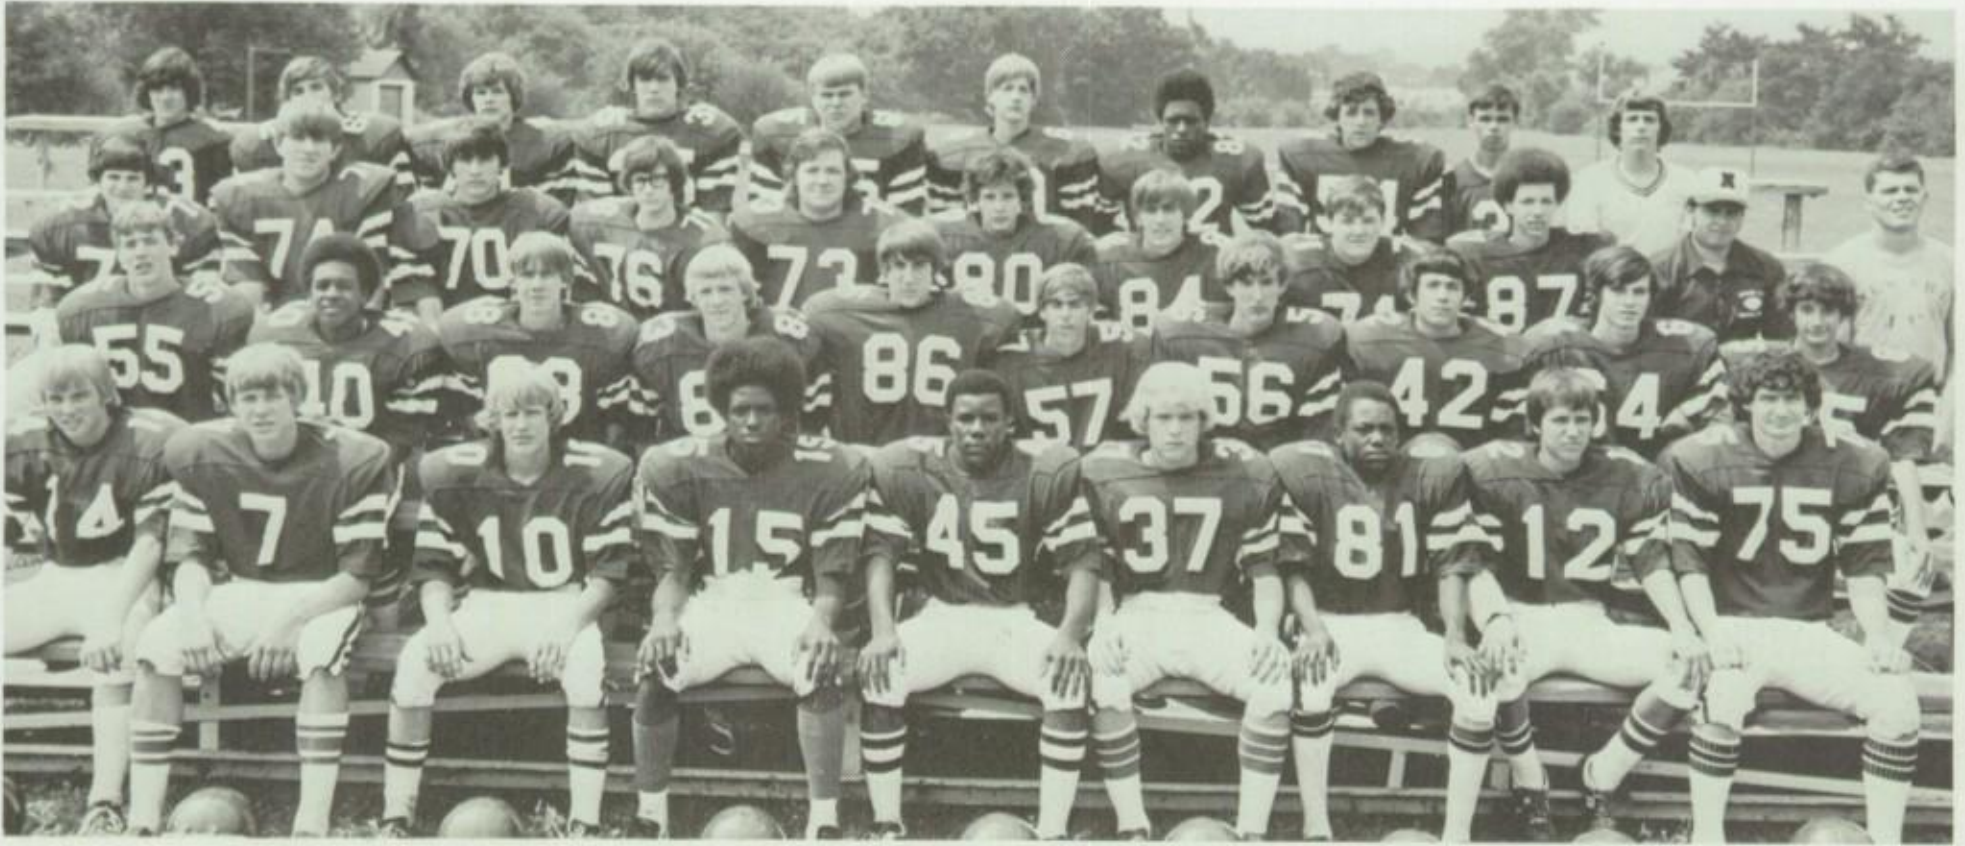

At NHS

What you see on stage at an NHS production isn't everything. Behind the stage are the hard working students who do the painstaking task of making and setting up the props and making the costumes fit. There were those who ran all over town contacting local businessmen for donations. The lighting crew had to learn the technical aspects of switching the lights and stage curtain on the right cue. The sound crew had to repair and check all the microphones and speakers to make sure they got the best possible sound production. The ushers had to put up with some extremely upset members of the audience, when they didn't get a good seat at the last moment. There were those at the ticket booth who had to reserve tickets, take confusing phone calls asking about the time, tickets and everything under the sun. Then after tiresome, physical, hard work, they rested their weary feet, tried to wash the paint out of their clothes and the glue out of their hair.

Wildkittens Finish Season With 2-4 Record

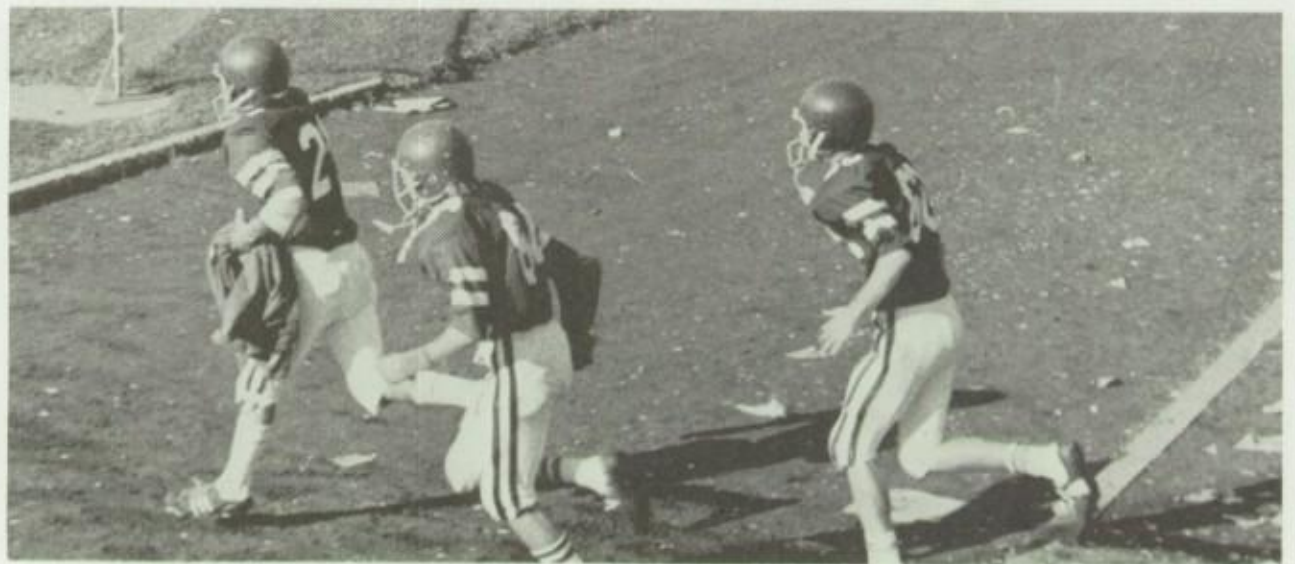

Under the leadership of veteran Coach Dick Voris, the Wildkittens, Newark's junior varsity team, compiled a 2-4-1 record. Commenting on what he expected from his team, the Coach responded, "With the Reserves you never really can say what you'll have because we only have these players for one year. We don't have any returning people we can figure on every year. It's a new bunch and you start over."

"Evaluating personnel to make sure you get the right people in the right positions," was the main problem which the Coach noted.

Voris commented, "I felt like this year's team had a lot of individual winners that will make good varsity players." Looking forward to next year he concluded that he won't hear about future teams until he has time to work with them.

Saturday mornings mean junior varsity football at White's Field as Coach Voris begins another season.

What made the 1973-1974 school year unique in your mind? "The one thing that has made this year unique and which has dominated the year as far as the staff is concerned is the North Central Evaluation."

"1. Resignation of Vice President Agnew.

2. Being thirty-nine for the first time around.

3. Having to watch my gas gauge, Ugh!"

"Ask me again in the fall of the 1975-1976 school year — I retire December 31, 1975. That will make any year unique. Personally, I think it is unique that a telephone operator is asked."

"I remember always the 1973 flu bug. All those absences — 100 a day!"

"At school — the initial confusion caused by calling periods 'mods.' " Things in general — the gas shortage and streaking."

"Due to time change, it was dark when we came to school."

"We have a new juvenile judge this year."

"Having spent my first year as secretary in the senior building."

Berens, Moore Lead Cross Country

The Wildcat harriers finished off their season with a strong 5-3 record placing fourth in the COL and second in the District. Coach Ray Kress said it was hard to sum up the start of the season, but the finish was as strong as it could have been. He said that the team's place in the COL was not what he had expected, but the District made up for it. "The district that Newark competed in was one of the strongest in the state," Kress pointed out, "but placing in it was the most important part of the season." The coach concluded by saying that this is possibly one of the greatest crosscountry teams, as far as running is concerned, in the history of Newark High School.

The Music Man was set in a stubborn Iowa town called River City. The life of its townspeople remained the same day-in and day-out until Professor Harold Hill (Scott Austin), the con man's con man appeared.

Since then, River City has never been the same. Hill succeeded to cause one of the largest commotions in its history by arousing the town's opinions against a pool

table with the help of Marcellus Washburn (Dan Dougan). At that point he won the confidence of the whole town, and later also succeeded in mesmerizing Marian Paroo (Debbie Johnson). Other things came easy, turning the school board into a barbershop quartet and the most suitable ladies in town into the River City Delsarte Committee for the dance.

These situations, among many others, all added up to the one and only play **The Music Man**, produced in October and directed by Tom Humphrey and Miss Lulu Vaia. Other major players were: Mrs. Paroo by Jan Pitt, Maj. Shinn by Jon Holmberg, and Mrs. Shinn by Connie Vincent.

Songs to remember included: "Iowa Stubborn", "Till There Was You", "Shipooi", "76 Trombones" and "Gary, Indiana".

The "Rock Island Railroad" sets the opening of **The Music Man** between the conductor and the salesman.

The Shipooi dance sequence makes the play come alive for NHS audiences.

With paint brushes swirling bright colors on canvas, potter's wheels spinning, and charcoal drawings taking shape, students in the Art Department put on a fine showing for NHS this year. With the many displays and exhibits given, the art students displayed many of their "hidden" talents.

Included in the Art department this year was the Art Club. The main purposes of the club were to promote interest in various forms of art, to include all interested students, not just those who took art in school. Activities included the experimentation of various art techniques such as candle making and decoupage. The advisor for this year's club was Miss Moore.

YAG Studies Government

Councilman Dave Morris, Mayor Richard Baker, State Senator Tom Van Meter, a chance to be a judge for a day, an Ohio House Representative or Senator, or a trip to the Conference on National Affairs were just some of the activities open to YAG (Youth Action in Government of Licking County) members.

Opportunities to exchange views with political persons at the city, county, and state level were part of the monthly program. In addition, taking over city hall for a day to see what Newark city government is all about was part of the YAG program.

Members became representatives and senators for a three-day period and tried to pass their own bills dealing with subject areas which they felt need improvement at the state level — gun control legislation, pharmaceutical labeling, abortion, railroad crossing signs, and restructuring the taxing system for Ohio schools.

Highlight of the year was Ed Helvey's selection as Lieutenant Governor to preside over the Senate and joint sessions of the House and Senate. Other participants included seniors Debi Morris, Sue Garrison, Joan Moore, Barbie Kays, Mark Summers and Chris Lucas. Steve Darling was the only junior participant.

Barbie Kays talks to fellow Youth in Government delegates Joan Moore and Sue Garrison during the annual Youth in Government weekend in Columbus.

Ed Helvey, selected by his fellow Senators, serves as Lieutenant Governor during the Joint Session of the House and Senate.

Representative Sue Garrison raises a point with Debi Morris and Barbie Kays during a House of Representatives session.

Junior Steve Darling prepares to speak on a bill dealing with gun control legislation.

The atmosphere was one of gaiety during the sixth annual Mardi Gras. The air was filled with the sounds of Cottonmouth and helium balloons that Senior Class Council sold. The wide variety of booths offered NHS students a chance to play the games of their interest. Students got to throw darts at their favorite teachers at the Library Club booth. Some students had their nerves shaken in the Compendium's and Reveille's Haunted House. NHS students kept on spending their money, much to the club's delights, hoping to get lucky at the Over-Under 7 Dice Roll, Wildcatettes Roulette table, the putt-putt game, the Dunking Machine, and stacking cans. It was also a night to get even with their enemies by having them kidnapped or shot at with a water pistol by the French Club Mafia.

Cottonmouth provides the entertainment during the sixth annual Key Club Mardi Gras. Y Teen members and Mrs. Goruis prepare their booth for the evening's entertainment. Dunking some favorite people became one way to spend 25¢. Games of chance keep students busy. Balloons, balloons, balloons — for sale — buy from the Senior Class Council.

Charlie Choice shoots a short jumper as Steve Morse and teammate Mark Mesec from Upper Arlington try to defend their goal.

Whitehall's Jerry Montgomery and Terry Burris attempt to block the pass thrown in from Newark's Roy Stutz.

Ron Williams and Wes Red of Columbus West foul Randy Anstine in tourney action.

Center Randy Anstine jumps high against Upper Arlington's Todd Loe in the opening seconds of the game.

Roy Stutz, Charlie Choice and Roger Payne stand by as Randy Anstine blocks an attempted shot.

Randy Anstine sets a screen for guard Nard Allen. The footrace begins as Nard Allen runs away from an Eastmoor defender. Roger Payne awaits the rebound from Randy Anstine's fifteen foot jump shot.

Mike Blaney sticks his hand in the face of Steve Graves while playing a tight defense. Golden Bear Steve Graves jumps high in the air trying to block a jump shot by Newark guard Roy Stutz. Charlie Choice drives in for an easy layup against Upper Arlington at home.

E2K2 — A Learning Experience

Being a member of E2K2 during 1974 meant going through an eight-week training period and then waiting with anticipation for the big week at camp. When that week finally came the counselors and kids spent their time at Camp Nelson-Dodd learning from each other and growing together. After one week, many a tear was shed at the end of an experience the sixth graders and counselors would never forget.

Zolo, Anstine Reign During

A second childhood comes to many individuals, but this year the Student Council sponsored Homecoming activities included a chance for all students to return to an era of their past through the presentation of "Kartoon Kraze."

Reigning as queen and king in this world of cartoons were Lori Zolo and Randy Anstine. The senior float won first prize and the team piled up a lopsided 48-6 win over visiting Chillicothe.

Other queen candidates were Shelly Whitefield, Dixie Copper, Renee Appling, and Susie Campbell. Competing for King were Steve Redd, Chuck Noble, Howard Brest, Harry Hottinger.

"Snoopy and His Doghouse" was the senior float while the juniors used "Wily Coyote and the Roadrunner" and the sophomores presented "Pink Panther".

Saturday nights dance, continuing the "Kartoon Kraze" theme, featured the rock group Blues Sancturm and an appearance by former students Jan Miller and Kevin King.

"Wily Coyote" pursues the elusive "Roadrunner" on the junior homecoming float.

Midsummer Night's Dream

Introduces The Bard

For the first time in the history of NHS, drama students dared to attempt the production of a Shakespearean play. **Midsummer Night's Dream** proved to be a challenge while providing the best training possible in theater. The play featured Mike Echols and Carolyn Hudgins as Oberon and Titania, king and queen of the fairies; Steve Thomson, Jaci Danford, Rick McNutt, and Lise Ree playing the two pairs of lovers Demetrius and Helena, Lysander and Hermia. Scott Austin played the grumbling peasant, Bottom, and mischievous Puck was played by Chris Mettes. The realistic costumes in materials ranging from velvet to burlap were designed and sewn by Blaine Evans, Marti Hoffman, Georgena Meadows, and Teresa Mettes. Director Tom Humphrey felt the audience turnout was good for a Shakespeare play and considers **Midsummer Night's Dream** the most successful play in terms of the participant's enthusiasm.

Fairies lull Titania to sleep.

King Oberon (played by Mike Echols) tells Puck (played by Chris Mettes) about the aphrodisiac that will make Titania fall in love with the first thing she sees upon awakening.

Demetrius and Lysander (played by Steve Thomson and Rick McNutt) both shun Hermia's affections.

Helena (played by Jaci Danford), finally wins the love of Demetrius.
 Scott Austin and Blaine Evans perform a play for the king and queen during NHS's production of **A Midsummer Night's Dream**.

English Fair Draws Students

The 1974 English Fair was held to familiarize students with new courses and courses that they might take next year. Humanities, Ecology, Literature of Sports, and Mystery were introduced as new semester courses for next year. Students came with their English classes to browse and find out from students presently taking the courses what each course was like.

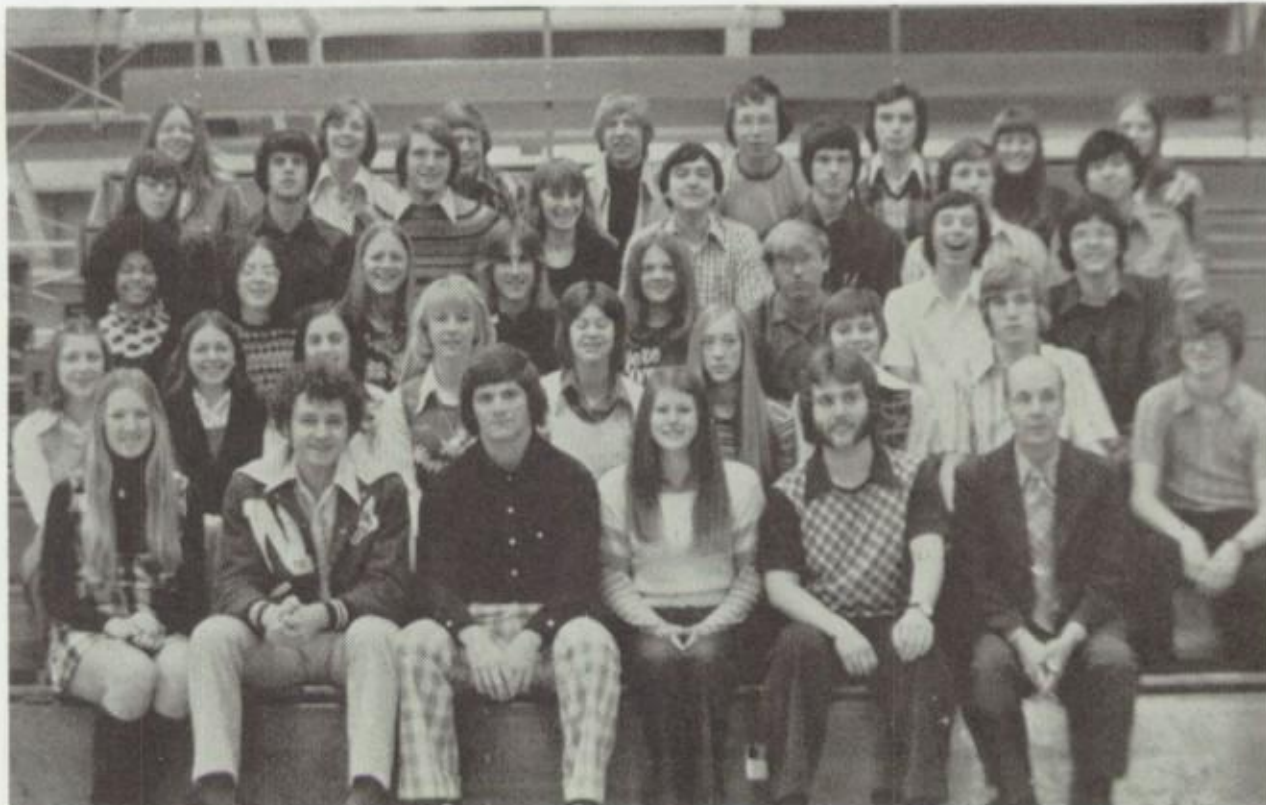

Matt Price studies displays for the Literature of Sports and the Ecology courses.

The Literature of War course attracts students' interests.

Film Study offers a chance to make your own films. Seniors Gary Sitler and John Varrasso clown around with the "take" board.

If you received the honor of a Good Citizenship Award or a scholarship award, attended the Homecoming, got out of a class at the Christmas Assembly, boogied at a post game dance or worshipped at the Easter Service during the "74" school year, you should thank the NHS Student Council because they sponsored all of these activities.

In addition, they gave students greater opportunities for self direction. Student Council made the "74" school year a little less dull.

"74" Prom Brings Back Memories

Gary Boring and Cindy Czepyha look over prom decorations.

Prom decorations expand on the theme "Nostalgia".

Tricia Krumlauf and Steve Redd "Rock Around the Clock."

Suddenly it seemed that you were being whisked back into time, back into the 1950-1960's. Where were you? At the 1974 Junior-Senior Prom. The Nostalgia Age was vividly seen by NHS students as they watched lights flash-out "Rock Around the Clock". The huge clock, with its moving hands, attracted the attention of many prom-goers.

The mood was enhanced by the old rock and roll greats as played by Gene Snelling and the New Images. May 18 proved to be a very special day for Susie Campbell as she was crowned prom queen. Her attendants were, in order, Lynne Corl, Taree Hendricks, Valerie Dishon, and Lori Zolo.

Couples dance to the music of Gene Snelling and the New Image.

NHS students gather together in their unaccustomed formal wear.

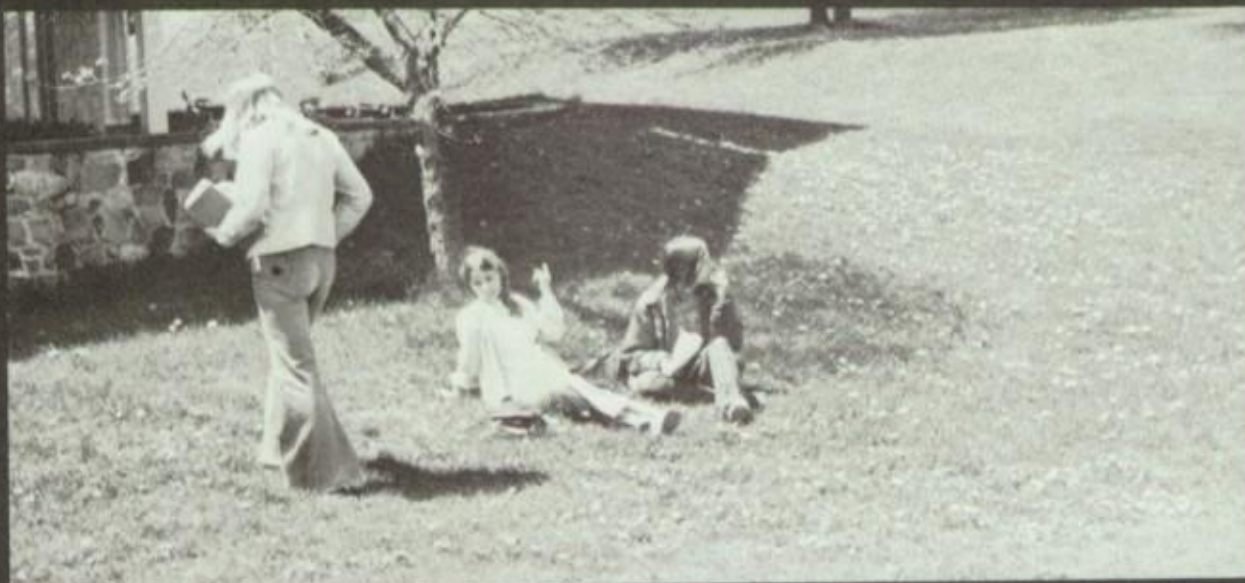

Brenda Rose, Gloria Conners, Craig Goodwin, and Butch Thomas enjoy themselves on a "special" night.

Students anxiously await the crowning of the prom queen.

Juniors work on prom decoration plans.
 Lori Cass uses crepe paper to add color to the entrance.
 Two juniors paint a poster of the spring fad-streaking.
 Two girls use their creative talents for the hit parade sign.
 Sandi Spillman and Roger Shepard mix paint for decorating the gym.

WGSF Faces Unknown Future

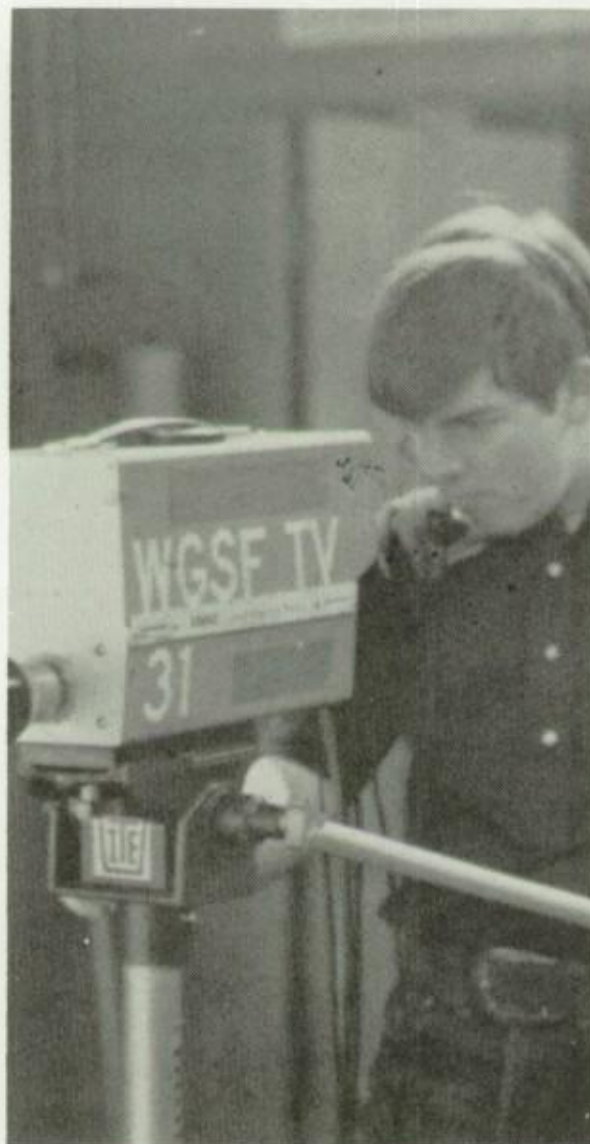

"WGSF faced another year with new problems: changes at the national level required the station to pay for many programs formerly furnished at no cost, and stricter requirements for Federal grants were another problem," according to Leland Hubbell, station manager.

Amongst the station's successes have been the production of more than 2,329 local programs about the Newark area, totaling more than 4,000 broadcast hours. In addition, several former students are now working in broadcasting, electronics, or related career fields.

As in the past, students were responsible for most production.

Speaking of community response, Hubbell said, "Earlier this year WGSF requested letters of support. About 500 letters and 1400 signatures on petitions supporting WGSF were received. Still, people able to view WGSF were estimated to be about 50% of the total population of the area."

"WGSF now faces the challenge of obtaining new equipment, meeting increasingly greater costs and operating requirements, and adding more professional staff members. In addition, more community financial support will be needed," the station's manager concluded with an eye to the future.

WGSF student staff members Kirby Cartwright, Ken Blaney and Don Martin work the "31 Reports" show.

WGSF staffers use a GBC camera to televise local television shows.

Doesn't sound like too much fun, does it? Just remember — they carry good life insurance!!

"74" Council Plots Senior Activities

If you were a member of the "74" Senior Class Council, you probably remember standing in front of a group of sleepy-eyed unresponsive seniors in homeroom at least once a week.

You begged for class dues to pay for piano concerts, Senior Buffet, graduation events, condolences to families of Newark High students, and a gift to the school in memory of the class of "74". And if you were like most Council members, you never received much money from those penniless people. Never the less, you got the job done.

"Teacher, do you say 'oui' for yes in French?" "Do you know the correct spelling for 'Good Morning' in German?" "Why did Rome fall?" "Does the rain really lay gently on the plain in Spain?" These are just a few of the questions the many students taking a language this year asked. Other than asking funny questions they could join one of the four clubs. French Club spent a week in Quebec during spring break. Pan American Dinner and Christmas Party topped off this year for Spanish Club. Exchange students from Germany and visitors from Austria as speakers made the year worth while for German Club. The Roman Banquet along with an enthusiastic teacher helped Latin Club make it through the year.

The Health and Physical Education Department put forth all of its physical and mental efforts to make the year a success. With around-the-clock basketball games, tennis, volleyball, and balance beam, they completed a busy year.

In this department there was only one club, which is called G.A.A. (Girls Athletic Association).

The club's main goal was to try to develop good sportsmanship and to promote an interest in and ability in girl's physical education activities. The activities included were hay-rides, a Christmas party, Junior High Play Day, a banquet for awards and candy sales. Members earned pins, letters, charms and trophies depending upon their involvement in the club. Advisors for the year were Mrs. Beattie and Mrs. Hiles.

1. Coach Paul "Hoss" Starr — Physical Education, Driver Education, Head Football Coach.
2. Mr. Luther Hanshue — Health Education.

Home Economics

3

The Home Economics Department was basically concerned with making better homemakers for the future. They spent their days teaching the arts of sewing, cooking, cleaning, and child care.

Hero Job Training II, Hero Child Care and Future Homemakers of America were the clubs in this department. Hero Job Training II and Hero Child Care provided on-the-job training for its members in child care areas, while serving the community. The girls in these clubs were not paid in money but in skills. It was very rewarding work for those girls who were interested.

FHA was a group of girls that plan to be successful homemakers. They sold "Keep on Trucking Button" that showed up on a lot of NHS students, and they made blankets for the elderly.

Teachers, Nurses Plan Future Roles

The Future Nurses went out in the midst of NHS students to sell candles and candy to raise enough money to provide a two hundred dollar scholarship for a worthy NHS student interested in the nursing field, medical technology or any other medically-related career. Future Nurses didn't mean all work and no play. Who would expect that of anyone? They started the Christmas season off with a dinner for members. Another example of their work was their gift of first aid blankets. The Future Nurses felt that there was a need for more first aid equipment at NHS. Through their fund raising efforts they received enough money to give a first aid blanket to every building at NHS. They took one more step in creating a more secure first aid program for Newark's students.

The hardships and rewards of teaching were learned first hand by the Future Teachers Association as the members assisted teachers at the local junior high and elementary schools. The FTA sold candles and jewelry in order to give a banquet to initiate new members, and to brighten up the Christmas of underprivileged children with a party. They were quite hospitable to the Grove City FTA members as they visited the NHS campus during an unusually hectic day. The club increased in size from the '73 school year. The members hoped that this increase would be the beginning of a continual increase in membership. The members expressed their feelings that the club is a very educational experience which enabled them to get an idea how to relate and teach younger students.

The 1974 Junior Class Council sponsored the Junior-Senior Prom. The theme was "Nostalgia" and a lot of work went into making it a success. The Council members collected dues and sponsored a karate demonstration to raise money. After the money was raised, the Council donated their time to decorate for the big event. To top it off, they had to tear it down the next day after being out all night. The Junior Class Council should be congratulated on a job well done.

Pazzazz Describes Reveille Staff

The 1974 Reveille staff:
Fred Munkachy, Bruce Waite
Sharon Conley
Lea Pennington, Andy Levin
Karen Baker
Kathy Scott, Beth Pennington

This year held a first for the **Reveille** staff as it was made into a class, hoping that with extra time the staff could better the NHS yearbook. Trying to gather a variety of new ideas and discuss problems with other yearbook staffs, staff members attended workshops in Atlanta, Georgia; Covington; Kentucky; Columbus and Zanesville, Ohio. In order to make the yearbook a good one they raised money. The **Reveille** staff had money-making projects including the Book Fair, poster sales, Tom Watt sales and advertisements. The **Reveille** staff not only put in class time but also many after school hours trying to put as much "pazzazz" as possible into the 1974 **Reveille**.

The 1974 **Reveille** staff:
Rick Bartlett, Jeff Debevoise
Cidny Galbraith
Cindy Czepyha, Jodi Steinman

"We're All in this

Newark cheerleaders gave there all during each game of the football and basketball seasons to lift the spirits of fans, students, and parents. A lot of time and practice went in to being a cheerleader. It's not just a skill learned effortlessly. School spirit was what kept them going when the team was behind. The cheerleaders had a job to perform and they decided, "We're all in this together."

7. Mr. Lewis P. Burrell — Diversified Cooperative Training.

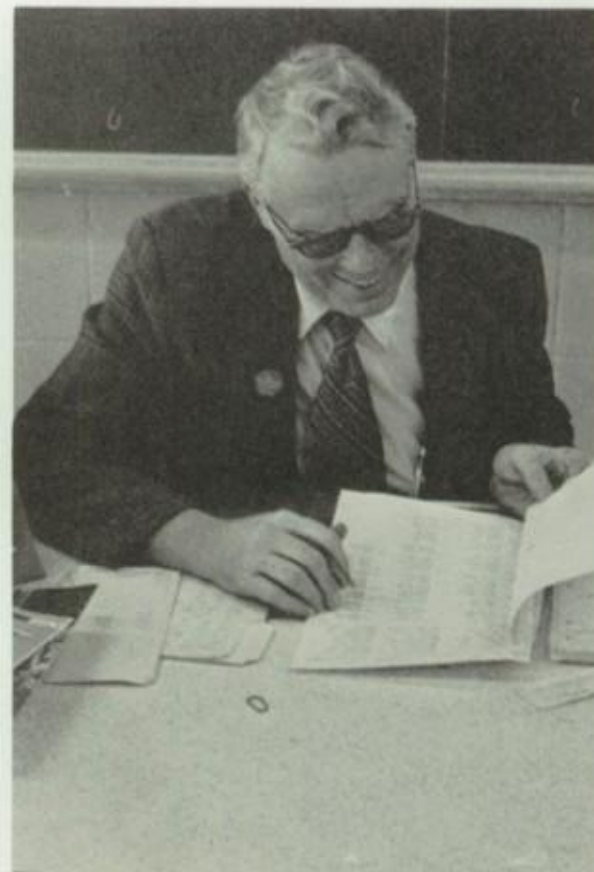

If you saw many high school students walking around with end tables, house layouts and large candleholders, they were probably coming from the Industrial Arts building.

Exhibiting many fine works which involved a lot of time and effort, the students were obviously proud of their achievements.

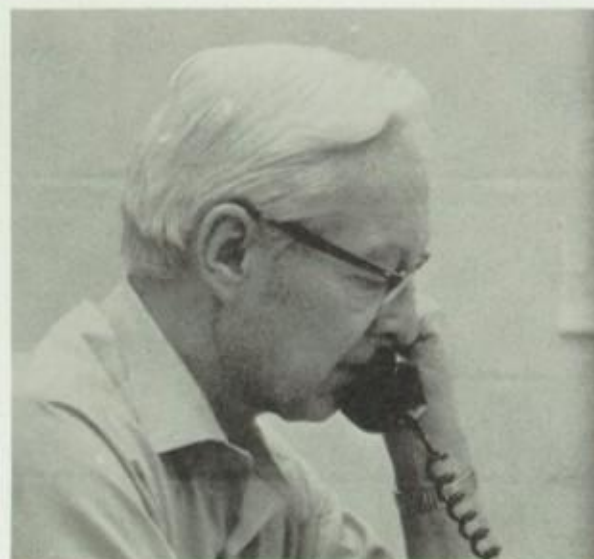

Also involved in the industrial arts department were four clubs: Industrial Arts Club, OWE I, OWE II, and VICA. VICA's main purpose was to develop leadership potential for the world of work. Included in this club were conventions at Eastland High School and the Skill Olympics in April. The group received the Merit Club Award at the fall conference.

"Could you tell me where the bibliographies are?" "Would you help me with the Xeroxing machine?" "How do you use the card catalog?" These might have been some of the questions asked by many students while visiting the NHS library. Whether important or not, all questions were answered by either library assistants, Mrs. Campbell or Mrs. Boyer. Assisting the librarians were SLAV students who donated their time and efforts to assist all inquisitive students and helped make the library run smoothly.

With calculators and slide rules in hand, students of the math department made their way through the 1974 school year.

Along with being in math classes, students who completed or were at the time enrolled in the third year of college preparatory mathematics and had a passing average in all subjects in the previous semester were eligible for membership in the Mathematics Club. The club sponsored a variety of programs including member participation, guest speakers from college and industry, movies, and tours. Those members who achieved a point average of 3.3 in mathematics and a point average of 3.0 in all subjects were elected to membership in Mu Alpha Theta, the honorary subset of the Mathematics Club. Advisor to the club was Mr. Wilber Powers.

Science

The Science Department tested their way through jungles of unknowns. They used ripple-tanks, headphones and test tubes. They made an attempt to bolster the ranks of future scientists, by pounding equations, protoplasts, chemical reactions, inertia and other terms into their student's minds. This well-rounded department was made up of a new sophomore biology curriculum, regular and organic chemistry, regular and enriched physics and advanced biology. To aid the teachers and the many students, "Bio-Labbies" and Chemistry Lab Assistants were chosen.

International Field Studies was a non-profit educational organization working in conjunction with Capital University. It has purchased camping equipment, vans, insurance, etc. that can be used by any Central Ohio teacher for taking extended field trips. It is organized around a group of science-oriented teachers and most of the trips are ecology, marine biology, or geology-oriented. It is not a part of any school system, but Newark High School has been very well-represented on the various trips. Newark High students have traveled to Andros Island in the Bahamas, run the Alaskan Highway to Alaska, canoed the AuSable River in Michigan, caved (spelunked) in Carter Caves in Kentucky and camped in almost every major national park in the United States and Canada. The teachers who plan and run these extended field trips felt that students would learn to appreciate nature and the wilderness only if they are exposed to its unspoiled beauty. It is the hope that our efforts create a group of enlightened young men and women who will fight for the preservation of our American wilderness.

If you would like to become a part of this growing group, see Mr. Larry Roberts at NHS.

After-Proms Turn Students Into Nightowls

The Junior and Senior After-Prom Parties carried prom night into the early morning hours with music, games, food, and swimming. Turning the YMCA into a miniature gambling casino, the seniors played blackjack, roulette, poker, and craps with the \$1,500 given them at the door. For the people who did well gambling, there was an auction at the end of the party. The auction and door prizes, such as a television and a stereo, made the evening, for some, not only fun, but profitable.

Meanwhile at the YMCA, juniors boogied to the rock 'n roll sounds of Hot Ash and tried their skills at ping-pong and bingo. Food was plentiful and the class of '75 managed to down twenty pounds of ham, forty dozen buns, two hundred and fifty hot chicken sandwiches, and one-hundred seventeen dozen cookies.

The parents sponsored both after-prom parties and did a great job of organizing and putting them on.

Gambling — win or lose — it's fun.
Juniors crowd bingo tables.

Georgia Wells and her date relax in the game room.

Gloria Conard studies her bingo card.
Chris Tolliver becomes a card shark.

Juniors wait for Hot Ash to return from a break. Diane Griessinger and Glenn Divan pass the time with a game of euchre. Sandi Wilson and friends try to increase their winnings. Seniors try to beat the dealer at blackjack. Some seniors learn the finer points of gambling.

NHS Artists Show Creativity

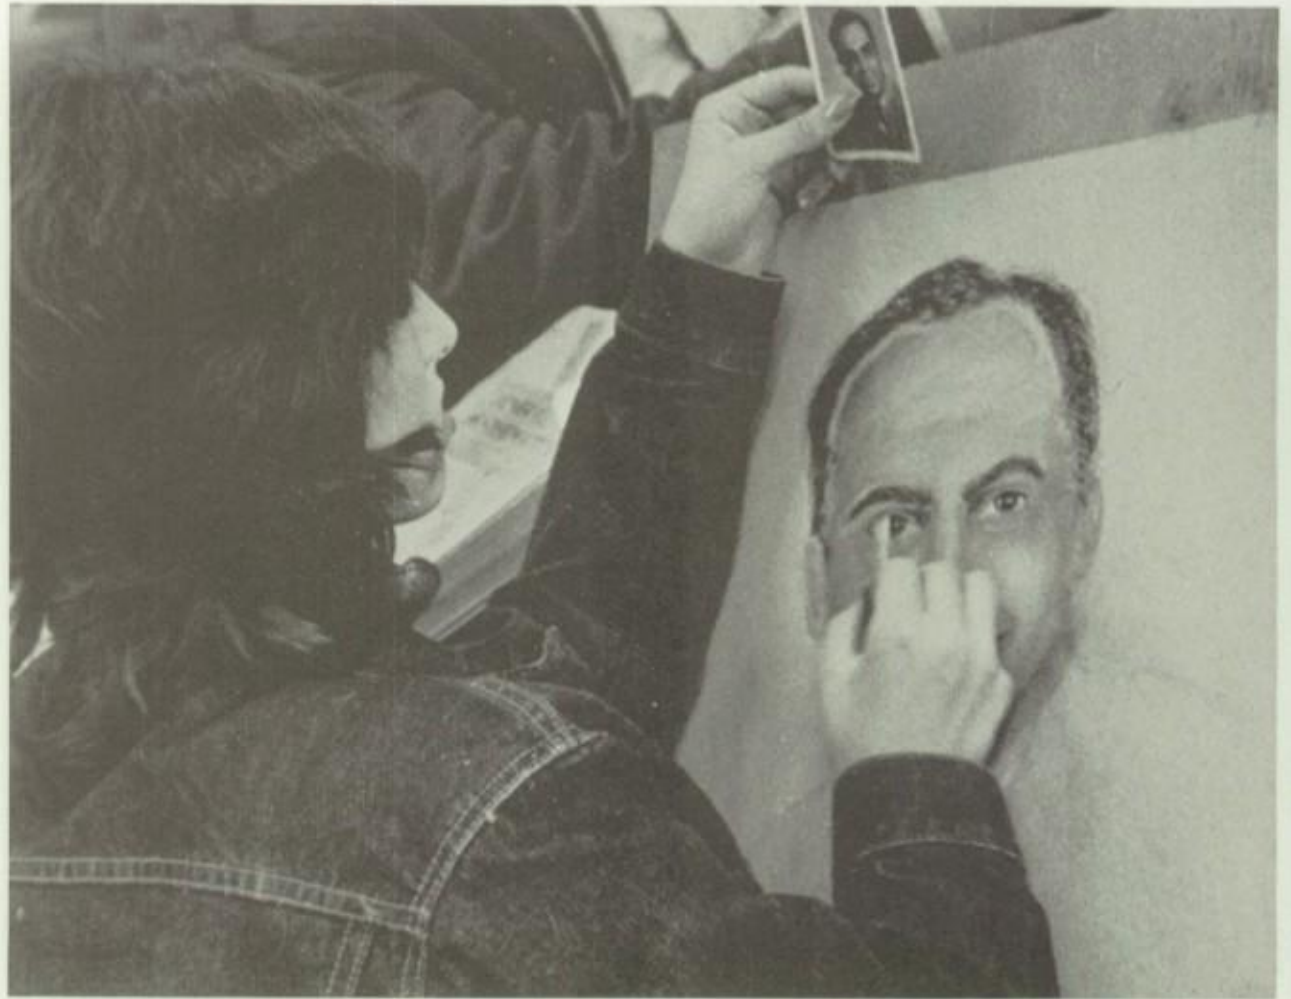

Art students, under the direction of Mrs. Marilyn Herreman and Miss Marty Moore, were represented outside the school in a wide variety of artistic endeavors.

Highlight of the year was the opening of the Licking County Art Association's new facility on Hudson Avenue with a month-long show of NHS art.

A number of student works were accepted for inclusion in **School Arts** as representative works of high school students.

Amongst the artists included were Jim Holloway, Ric Richardson, Cindy McIntosh and Carla Willis McClintock.

Among the pieces selected for showing in the Central Ohio District Governor's show were those by Jim Holloway, Ric Richardson, Ed Layman and Carla Willis McClintock.

Grubb Day??

Students Work For Thespian Points

The Music Man cast takes a well-deserved bow after its performance.

The Board of Education (Rick Snoor, Ed Helvey, Doug Cass, Neil MacIntosh) sing "Lida Rose" during **The Music Man**.

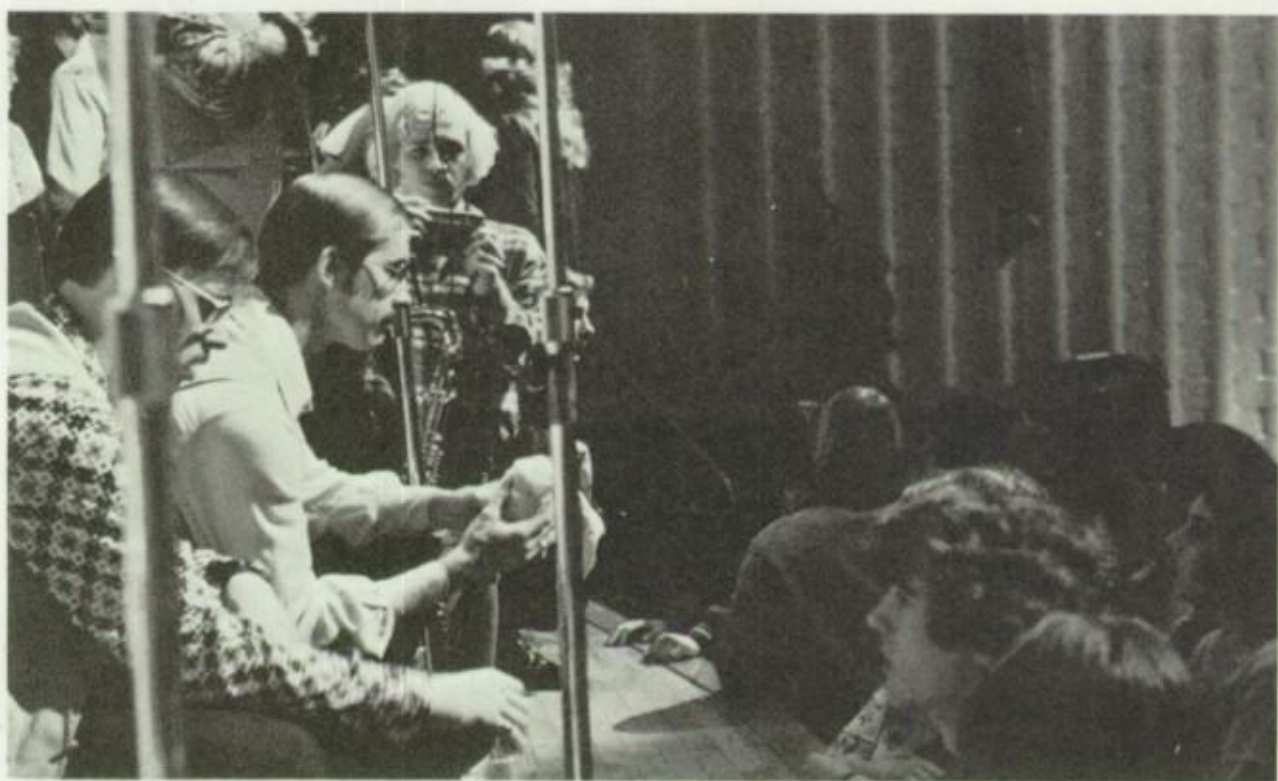

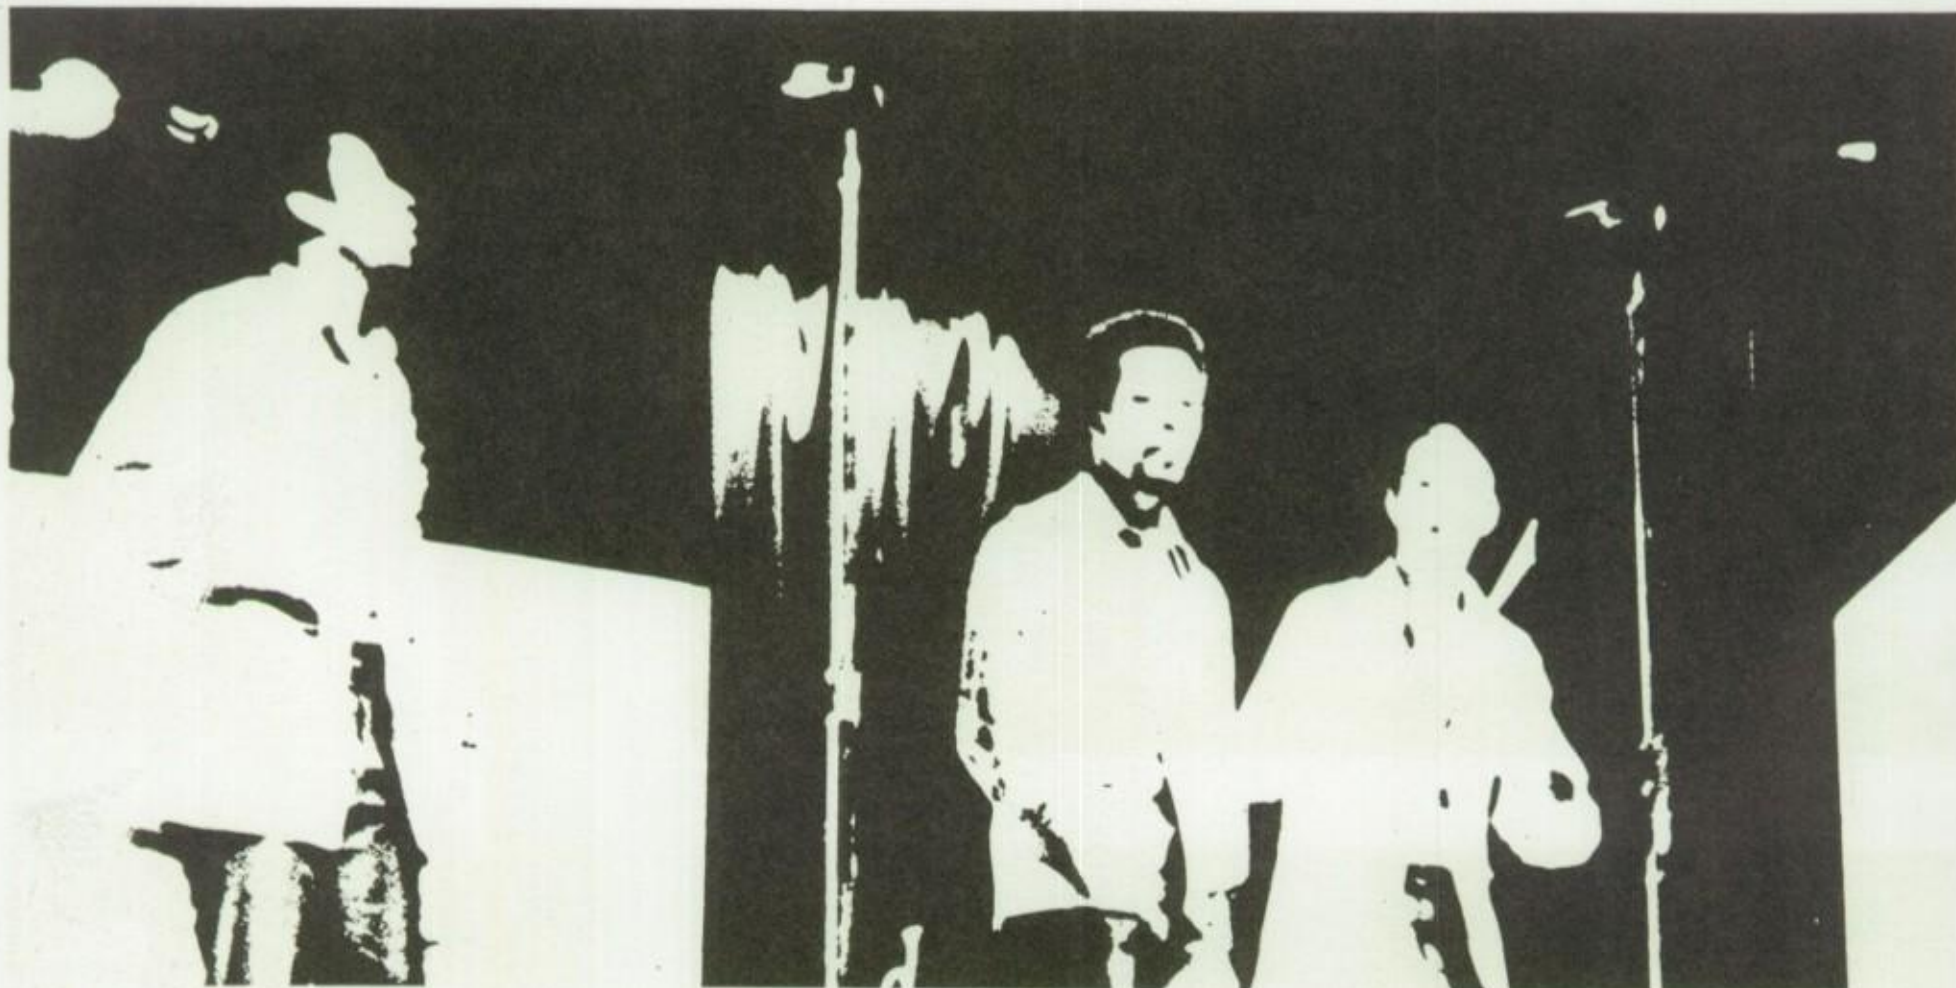

Russ Connor gives Ed Helvey a good deal of kidding during a scene from **A Midsummer Night's Dream**.

The National Thespian Society was one of Newark High's busiest organizations this year. Three plays, plus Children's Theater, one act plays by the acting ensemble and Reader's Theater were produced.

These activities gave many people a chance to earn Thespian points. To become a Thespian a total of 10 points must be earned. One point consists of ten hours, gained by doing set construction, costume design or just contributing sincere effort to make the production a success. After

initiation there are the ranks of Honors and Masquers to achieve. An Honors member has earned 50 points (500 hours) and Masquers, 100 points (1000 hours). At the end of the year, the students were rewarded with a banquet. At this gathering awards were presented to outstanding members and the 1974-1975 officers were elected. The 1973-1974 officers were: President — Dan Wright; Vice President, Sherman Diller; Secretary, Nancy Szollosi; and Treasurer, Lori Spence.

Third Wire Shocks

"The Third Wire," a Navy rock group, perplexed its audience at NHS by delivering one of our best concerts. The eight member group got down and made the latest sounds by the Doobie Bros., Mandrill, Edgar Winter, and Deep Purple come to life. As sounds of rock rang through the auditorium, students were compelled to jump to their feet and boogie to the overwhelming vibrations. The old saying one can't judge a book by it's cover, is truly a perfect example of the first thoughts toward this group, which really proved to be professional and meet the demands of its audience.

N.H.S. Students

In the Know Reaches Semi-Finals

In the Know is a competitive game played by selected scholars of participating schools. Scott Austin, John Bowden, Jan Pitt, and Dan Dougan composed the all-senior team at NHS. Tim Smith, Steve Smith, Kent Lumm and Dave Miller were alternates with Mr. Johnston and Mrs. Guirrerri as advisors.

"They not only are intelligent and have good senses of humor, but are four of the most wonderful people I've had the opportunity to work with," commented Mrs. Guirrerri about the team. She went on, "The most exciting time was against Circleville. We were behind the entire game, at one time 60 or 70 points. When we tied them, all I could think of was how excited our team must be. And when we pulled ahead my heart was in my throat."

When Danny was asked how he decided to try and become part of the team, he replied, "One Sunday evening I was sitting in my living room watching **In the Know** and said, 'Hell, I can do that!'" Generally, kids felt as Mrs. Guirrerri. Many declared Grove City our toughest competitor. Why? Because they won. Gircleville, concluded others, from the closeness of the game.

All the members are valuable, without one our team might not have pulled through this far.

And now it's on to next year for the Cinderella team on the **In the Know** program.

Dan Dougan, John Bowden, Scott Austin, and Jan Pitt practice before a game.
Mr. Johnston gives last minute instructions before a crucial game.
Steve Smith intently watches the game against Grove City.

Enthusiasm Marks Wildcatette Performances

"Would you like to buy a candy bar?" You looked up and there before you stood a Wildcatette smiling cheerfully. As she noticed the uncertain look on your face, she handed you a quite convincing sales pitch. As the NHS Wildcatettes provided candy bars to curb students' hunger pains during classes, red and white scarves and mittens to keep those winter chills away, and popcorn to dull your late night hunger pangs, the funds from the sales enabled the Wildcatettes to purchase their much needed uniforms and props. The NHS Wildcatettes' long and tiresome drill practices and dedication were shown at the NHS games by their enthusiastic performances.

Y-Teens Serve Community

One day last fall a group of girls came to school with shorter hair than they had the day before. They were the Y-Teens and they had attended a hairstyling show by Dave Sanor. Activities such as this serve the community and were examples of what Y-Teens did in "74". They sold candy and held a car wash to raise money to do such things as make Valentines and Easter Baskets for children at the hospital, and to help with community projects through the Y. They sponsored a dance at the YWCA, and a booth at the Mardi Gras. The Y-Teens were definitely a service-oriented group.

Cheryl Penick, Susan Goodman, Rhea Courson and Mrs. Gorius discuss Y-Teen business. Sue Norris, Cheryl Penick, Susan Goodman, Rhea Courson and Barcy Galbraith clown it up at the monthly Y-Teen meeting. Sue Norris, Cheryl Penick and Susan Goodman plan the Mardi Gras booth for Y-Teens.

Chess Club Competes for Awards

The Newark High School Chess Club competed in the Central Ohio School Chess Association. They were one of the top chess teams in their division finishing first and also third in the C.O.S.C.A. Two teams made up the chess club — the "A" chess team and the "B" chess team. The "A" chess team serves as more or less the varsity while the "B" team served as the reserves. And who knows, maybe another Bobby Fisher or Boris Spassky will emerge from this group.

With both singing and playing in 1974, the music department produced their way through a spectacular year. Performing in numerous parades, contests and halftime shows, the band and majorettes brought honors to N.H.S. The stage band and orchestra also gave many fine performances. Assisting them were Harry Blausey and Don Montgomery.

Concert Choir, Swing Choir, Girl's Chorale, Girls Glee, and Men's Chorus, under the direction of Miss Lu Vaia, made their contribution to the Music Department by participation in contests, concerts, the musical, and visitations to the junior highs. Hours and hours of singing and playing to meet perfection led to the development of many fine N.H.S. musicians.

Evans Career Center Opens to Area Students

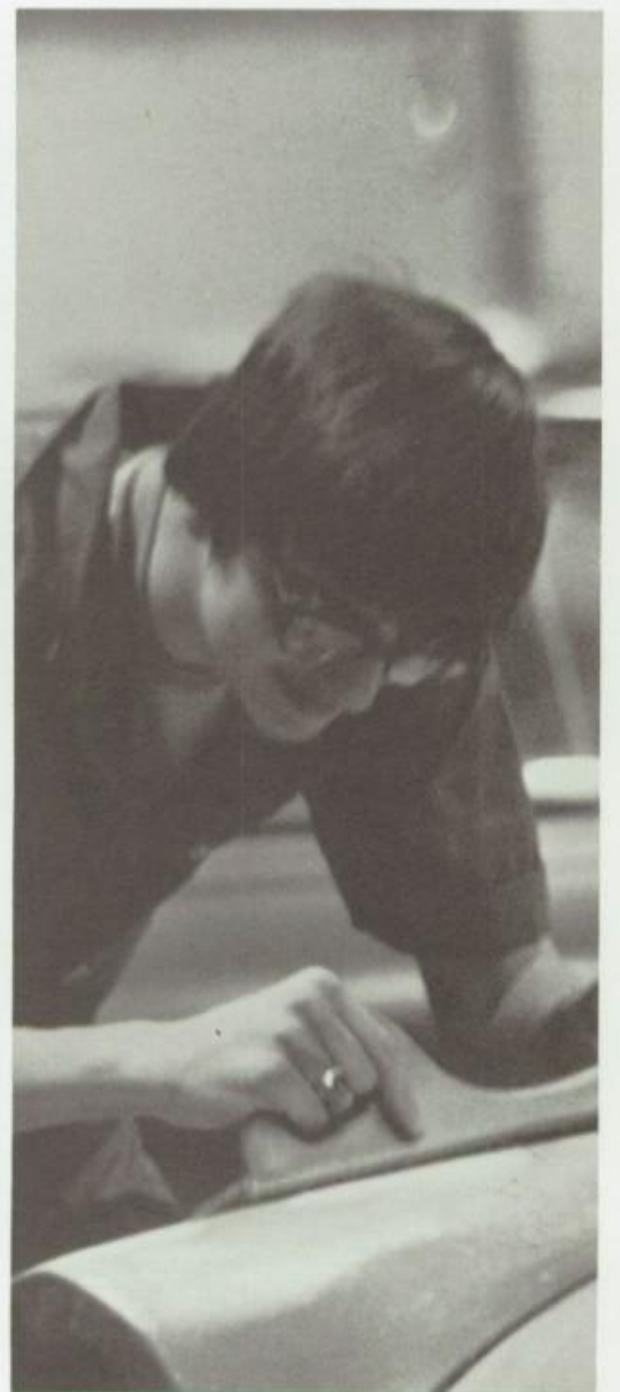

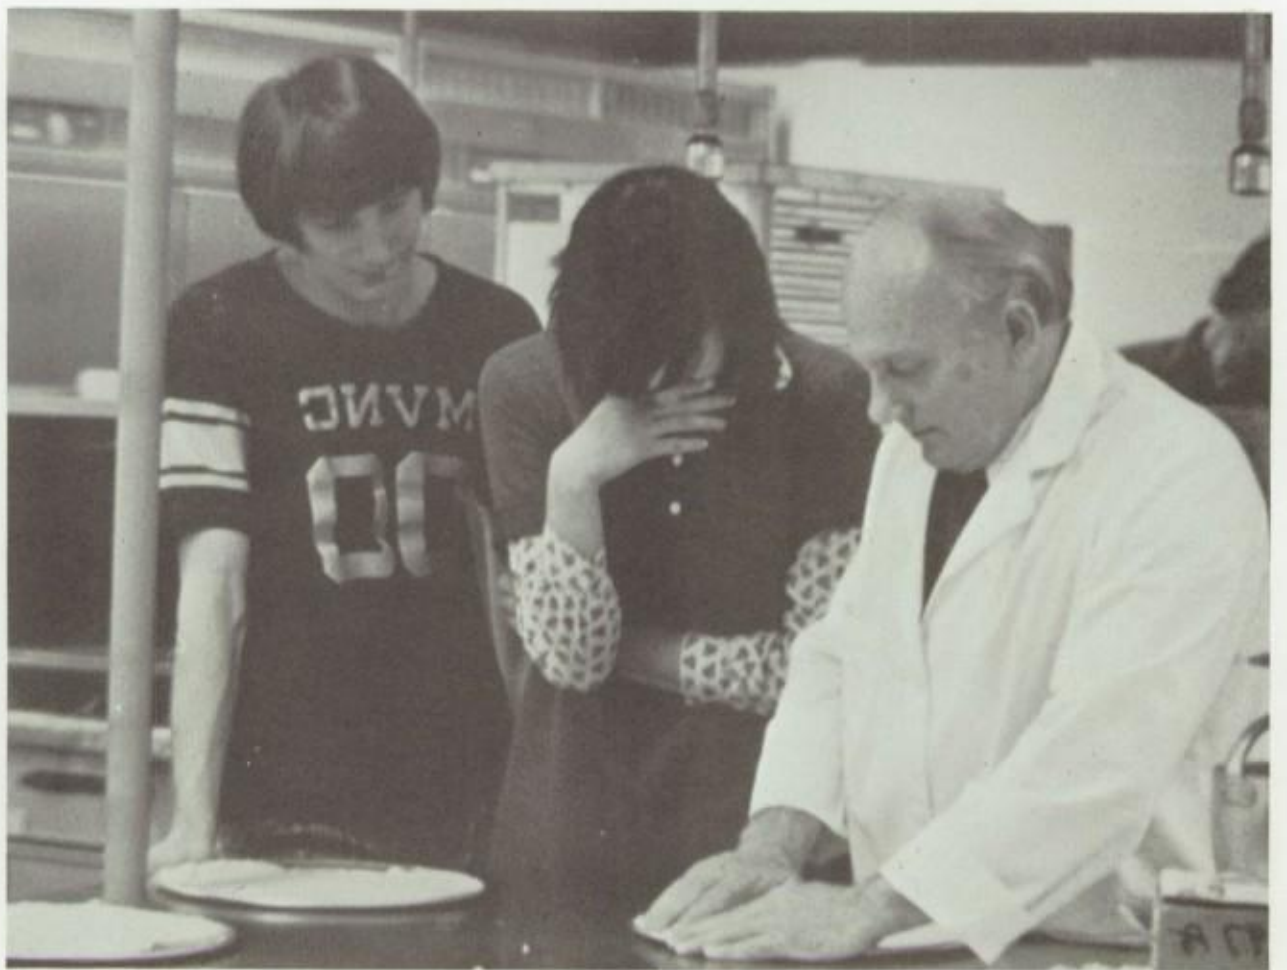

New! Different! Long overdue! Needed! These were words used to describe the Licking County Joint Vocational High School as it opened its doors to NHS students this past September.

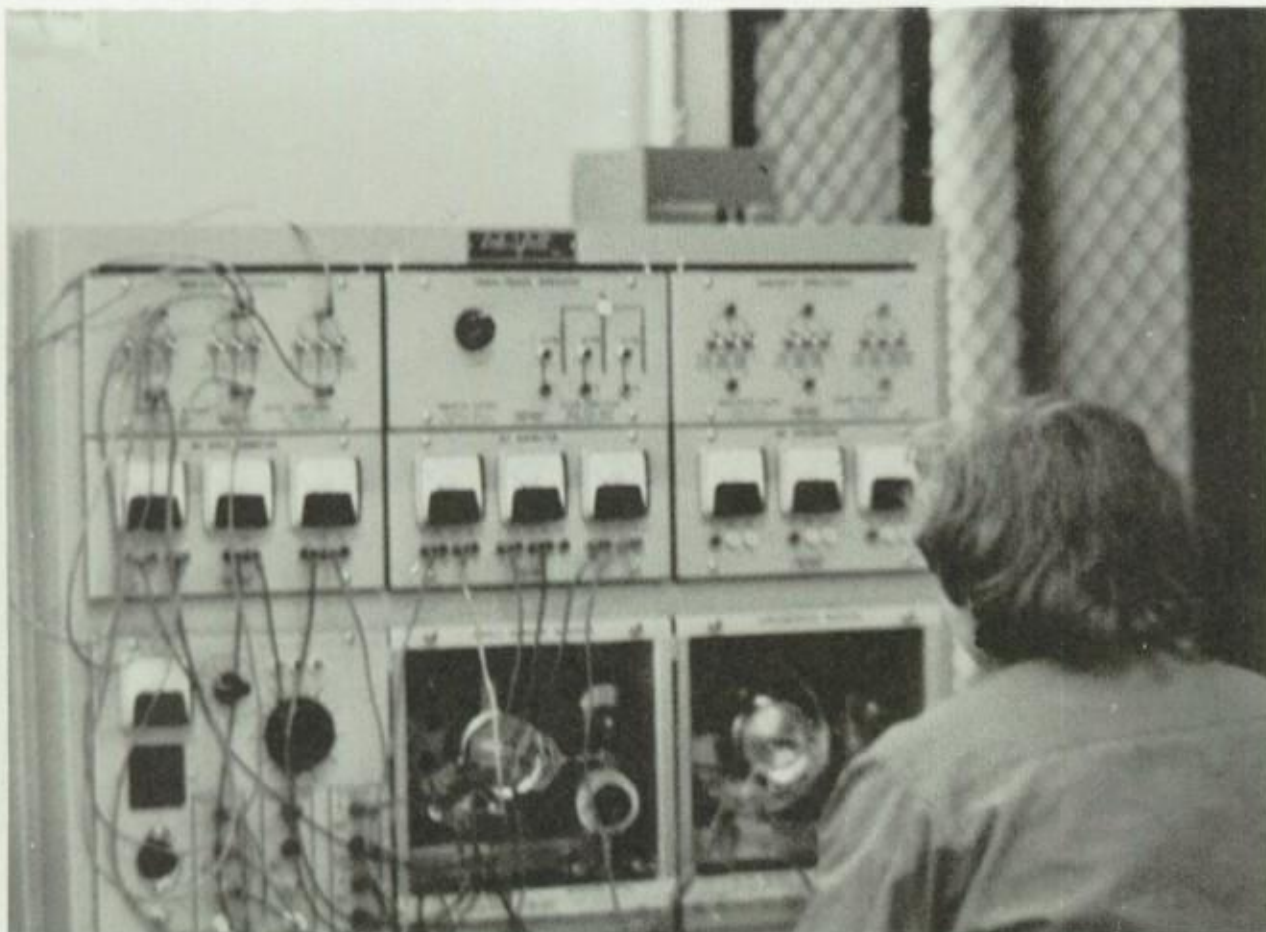

Since renamed the Thomas J. Evans Career Center because of the generous donation of land facilities for its construction, NHS juniors were well-represented in the wide variety of course offerings. Areas available included training as a child care assistant, community and home service assistant, dental and medical office assistant or in areas of food services management, data processing, office duplication, auto mechanic, auto body and fender repair, building trades, cosmetology, electricity, drafting, machine shop, agri-mechanics, welding and fabricating and horticulture.

Don Moran learns the intricacies of drawing in drafting class.
Aaron Taylor, Randy Kovreg, and Kevin Ford pose in front of the Thomas J. Evans Career Center.
Welding keeps Doug Pound busy.

Pizza making occupies Robert McIllyar, Shirley Fisk and Mike Booth during the food management class. Gene Richardson does body fender work on his car. Larry Oliver works at drafting for his drafting class. Sanding a fender keeps Jeff Cooper busy.

Gloria Mathis combs a wig in cosmetology class.
 Electronics class keeps Ron Alestock occupied.
 Roy Fogle and Tim Nethers work on welding during welding class.
 Leroy Carter, Jr. and Mark Tully discuss affairs during auto body shop class.

Senior Assembly Soars in '74

Visions of sugar plums?!? The lettermen weren't visions, but their interpretation of the Dance of the Sugar Plum Fairies, was unique. The black tights and frilly tutues turned the husky jocks into dainty fairies, dancing with the grace of ostriches. What did your mom tell you not to do the first day of school? Could it have been — not to . . . "pee your pants," "pull hair," "play dress up," "be a tomboy," "pick your nose," "chase boys," "stuff your bra," "wear make-up," "Go to the Stein," or "screw around??" That's what twelve senior girls were told.

Want to know who the "superlative" teachers are at NHS?? Just ask some of the seniors who presented various awards to them — such as Mrs. Roberts' phone number to Mr. Powers for being the most outstanding; a bar of soap to Mr. Kale to wash his "God damned mouth out"; a moment of silence to George Roberts for being the most likely to spoil fun and Mr. Nabors won the "GREAT CLASS OF '74" award.

All this and much more was Senior Assembly '74.

Lettermen Promote Varsity Sports

The Varsity Lettermen's Club at Newark High was made up of a group of athletes from all sports who earned a varsity letter.

Their activities got more students out of class than any other thing besides skipping. Among these activities were the Faculty-Lettermen's basketball game in which the teachers got lucky and won, the Easter pancake breakfast with the greasy eggs and sausage and the coffee that was reheated three times, and the Lettermen's rock concert with Cottonmouth providing the entertainment.

Perhaps more important than anything else, the Lettermen should be commended for their efforts to bring school spirit back to NHS with their basketball cheering section.

John Varrasso and Fritz Mossman perform at the Lettermen's rock concert.

A jock works out on the gladiator.

Social Studies

The Social Studies Department really got into people this year. They delved into the past of people in history classes. Sociology dealt with people's relations with other people. Contemporary Affairs took a gander at the now problems of people. Government and economics specialized in how people govern and manage themselves. Psychology looked into the mind and tried to find out why people do what they do. All social studies students learned something about themselves and probably about their "brothers" in life too.

Book Fair Makes It Big at NHS

The 1973-74 Reville staff sponsored a Book Fair this year which proved to be a tremendous success. This year students with motivated writing ability had a chance to share their ideas and hear ideas from professionals when they came to Meet The Author. Authors Rick Kochs, Mimi Brodsky Chenfeld, and Bernice Williams Foley gave their time to come and help students who wanted to learn how to improve their writing and to find out about the writing profession. Also adding to the success were Kevin King and Jan Miller, two former Newark High graduates, who performed "soft rock" music for the students and faculty of NHS.

For Rudolf Valentino lovers, Don Poston, an authority on the American silent film, showed **The Four Horsemen of the Apocalypse**. The main attraction, however, was books — books of all kinds for all ages, but especially geared for high school students.

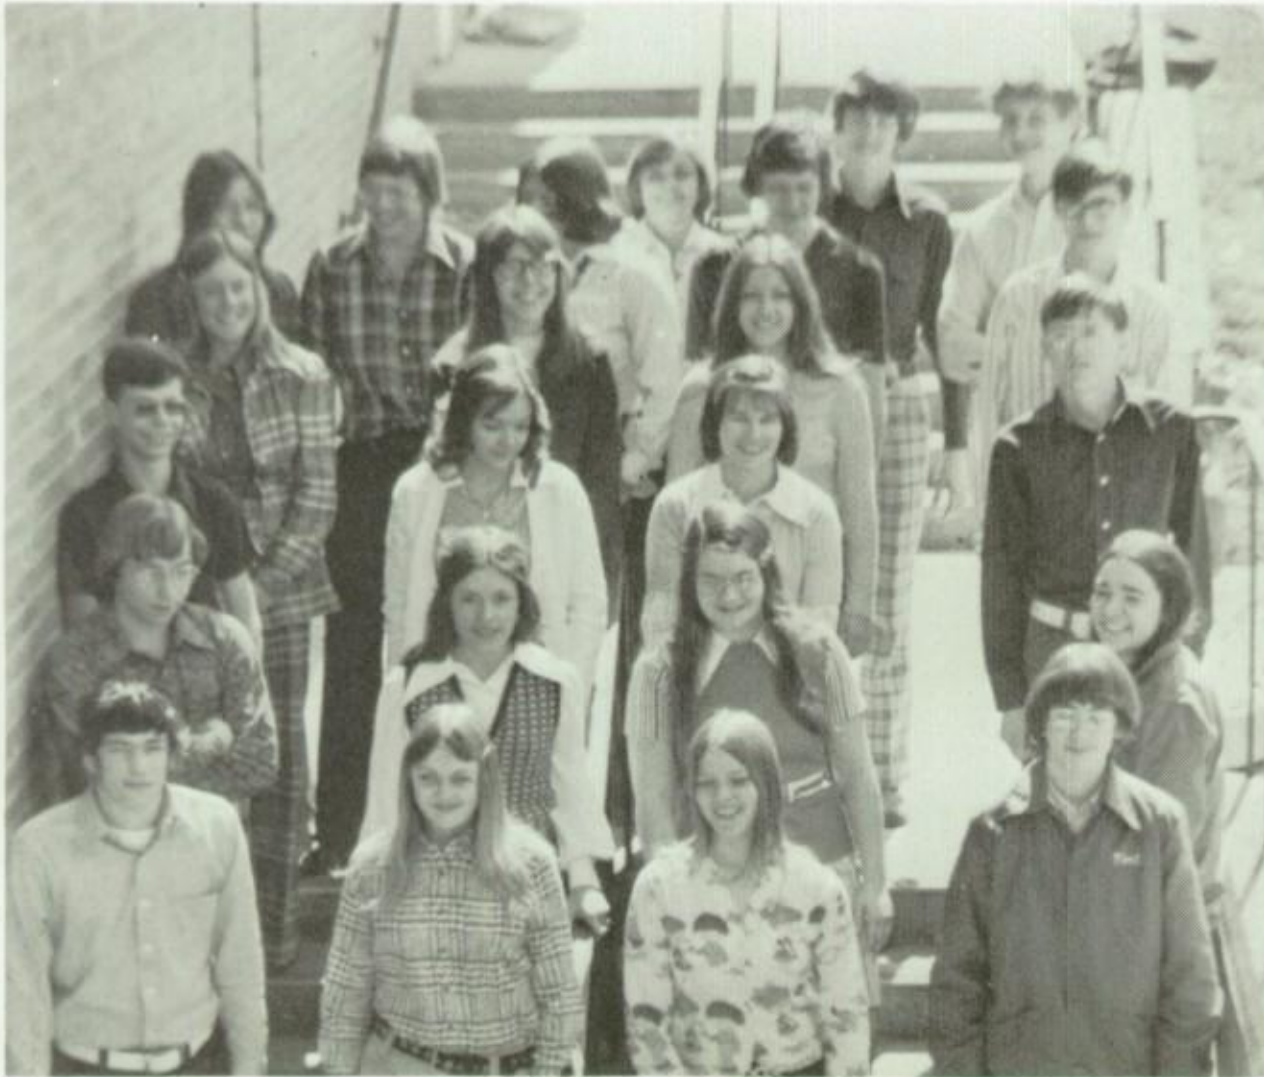

Harry Ballinger, Howard Brest, and Vickie Barber share their ideas on the stars of rock and roll.

Greg Wessinger relaxes with a good book. Deena Spellman gets captivated by an unusual book.

Students watch the confusion during the opening minutes of the **Reville's** Book Fair. Becky Hall ponders buying a book.

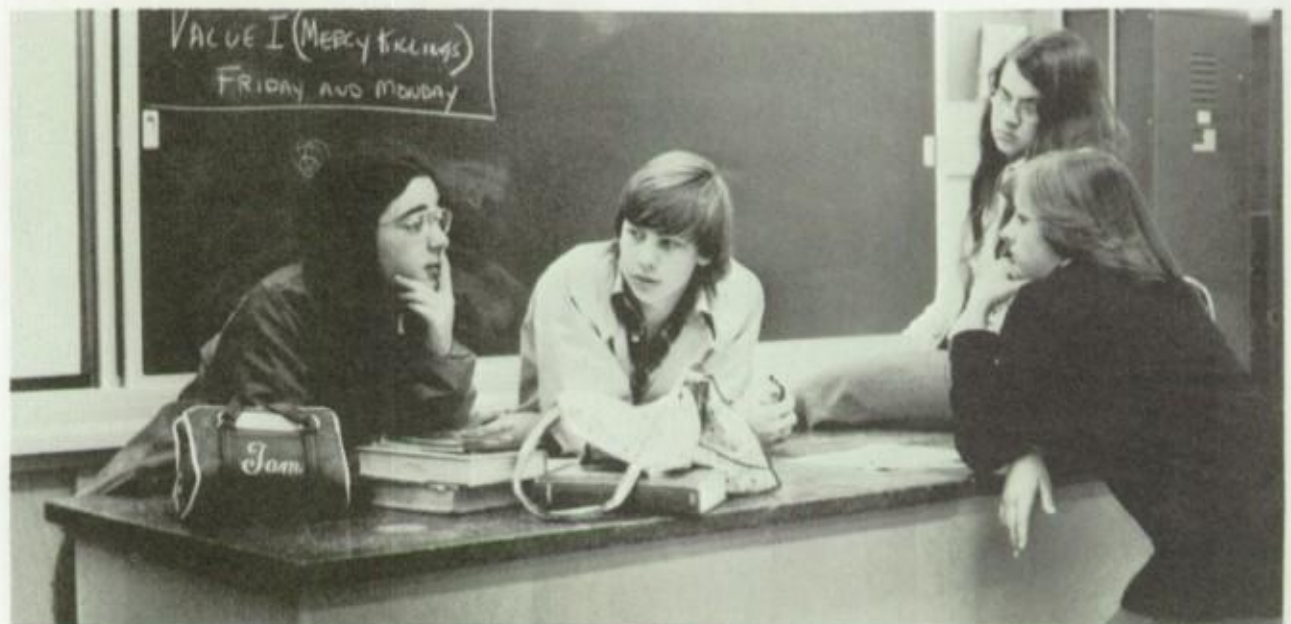

"76" Class Council Plans Sophomore's Future

B. Lueby, P. Lybarger, L. Henry, K. Herreman, S. Shadwick, J. Cady, B. Simpson, T. Cramer, T. Taylor, C. Hudgins, L. Wolfe, J. Griffith, J. McCoy, K. Norton, M. Ellis, C. Metz, R. Kendall, K. Wallace, E. Larson, C. Finkle, R. Nabors, T. Wiechel, M. Baughman.

The 1974 Sophomore Class Council was mainly a group who were concerned with making money for their future at NHS. They held a bake sale in the spring and sponsored a stock-picture booth at the Mardi Gras in addition to collecting class dues. The Sophomore Class Council got the class of '76 on its feet.

Seniors

What did being a senior mean? As the "74" seniors walked into the senior building the first day of school, there was a grinding feeling that this was the beginning of the end. It was the first day of the last year of "have to" school. This was the last year for them to do what they always wanted to do during school. So, they hassled teachers, skipped school, got caught smoking in the restrooms, left campus during lunch, waited impatiently for week-ends and dates, drank, went to the Stein, got high, ran away from "rent-a-cop", stole special permits and then forged their teachers' names. The "Big Men On Campus" picked on sophomores, pushed around the juniors and got away with almost anything short of "murder". With the senior assembly, they showed their variety of talents and their feelings, both good and bad, about NHS. But then there were the times that only a senior knew: graduation; Junior-Senior prom; buying graduation announcements, cards, ordering caps and gowns, and senior keys; and having graduation pictures taken. Then they wondered, "Where and how will I get the money for all of this? Is it worth it?" What did the senior year mean? It meant answering one of the hardest and most challenging questions that would ever face them — "Where do I go from here?"

Juniors

WHAT ARE THE BIGGEST HASSLES OF BEING A JUNIOR AT N.H.S.? . . . Having to "repete" . . . trying to live to be a senior . . . exams . . . inclement weather . . . the pit . . . men . . . classes . . . having to really study . . . seniors . . . homework . . . teachers always on your case . . . school lunches . . . half-hour lunches . . . everyone feels like "screwing around" . . . it's harder . . . knowing that this has to be gone through again next year.

Sophomores

WHAT ARE THE BIGGEST HASSLES OF BEING A SOPHOMORE AT N.H.S?
 . . . coming to school in the dark . . . getting to class without getting knocked
 down . . . scheduling . . . trying to figure out whats going on . . . teachers . . .
 juniors . . . seniors . . . clocks . . . girls . . . TIME! . . . lunchrooms . . . red-
 necks . . . trying to get through the doors on rainy days . . . people who smoke in
 the bathrooms . . . people taking things that don't belong to them . . . getting
 enough energy to do homework . . . exams . . . some days.
